With six carefully placed tees on every hole, there are delights and challenges to please literally every golfer under the sun: The further back you play, the harder the course as more water comes into play.

There's beauty, too. Raymond Floyd outdid himself, as he worked with and complemented the natural contours of the land. While there's continuity throughout, the front plays like a classic open Florida golf course with its wide fairways, the back holes seem more like North Carolina as we play down the shoots surrounded by a dense canopy of towering pines.

Then, too, there's the "Bye Hole", an homage to the game's Scottish heritage. With a green surrounded by water, this short but extremely challenging hole will surely test your shot-making. Hit or miss, it's the perfect place for a post-round wager.
