

Donald Ross Memorial

Harbor Springs, Michigan USA

The Donald Ross Memorial is, in essence, a “greatest hits” compilation - selecting from some of the designer’s best-known holes from the most renowned courses in his portfolio to create an unforgettable golf course. Acting on pure inspiration, the journey to select classic Ross-designed holes that would merge with Boyne Highlands’ unique terrain would ultimately require countless miles of exploration - and years of dedicated effort.

In an effort to ensure authenticity, yardage for most of the replica holes - and elevation changes from tees to greens - is identical to the original. And while fairway roll and contours may differ slightly, the course looks,

plays and feels like a pure Donald Ross design, providing a demanding test that rewards fine play. Experience a trip across some of the most iconic golf holes from around the world, all in one round of golf on the Donald Ross Memorial.
